

E-Update from Human Solutions

Come help us build a playground on August 13th!

We are seeking volunteers to help us build a playground for kids in need on August 13th! The Home Depot, Human Solutions, and KaBOOM! will join together to build a state-of-the-art, 2,500 square foot playground in one day. The playground will provide a safe, fun environment for kids in an area with few places to play. [READ MORE](#) or [JOIN US!](#)

The Homeless Children's Fund needs your support!

Every night over 1,100 kids (11 and under) are homeless in Multnomah County. Children who become homeless lose academic progress, school friends, their treasured belongings, their neighborhood buddies. We all can change this, by making a donation that will provide shelter to one homeless child for 30 days at our Daybreak Shelter, and get them back into a permanent home with their families. [LEARN MORE OR DONATE TO THE HOMELESS CHILDREN'S FUND.](#)

Start School Right school supplies drive

Human Solutions is collecting school supplies *now* for low-income children. **Start School Right** is Human Solutions' school supply program that aids homeless and low-income children by providing the growing list of school supplies needed to excel in school. Last year, 160 students received school supplies so they could be successful in class. If you'd like to help a child start school right, please [DONATE](#) to the Start School Right drive! [READ MORE!](#)

Helping Hands Store is now closed

Our Helping Hands Community Store, aka the Successful Solutions Partnership Program, closed its doors on June 30 due to a lack in funding. If you are in need of free clothing, or if you would like to donate your clothes to another location, please [click here for a list of other clothing donation locations](#). We would like to thank everyone who supported this program over the years!!!!
