

Programs

Human Solutions offers families a comprehensive continuum of programs designed to break the cycle of intergenerational poverty and help them become self sufficient.

We believe that children are our hope for the future. When we are able to empower them and ensure that their parents have stable employment and housing, we strengthen the community in which we all live.

Human Solutions *helps families to help themselves* through four different divisions:

Employment and Economic Development Programs

Human Solutions' Employment Programs help participants learn job skills, connect with employers and secure permanent employment with livable wage jobs.

Homelessness Services

Human Solutions' Daybreak Shelter Network, Transitional Housing, Homelessness Assistance and Permanent Housing programs help homeless families to have a place they can call home—and work to get out of poverty.

Safety Net Services

Human Solutions offers emergency rent assistance, energy assistance and education to families who are experiencing poverty and/or who are at risk of being homeless. This support is essential to helping families maintain a safe and stable home environment for their children.

Housing

Human Solutions offers 539 units of affordable housing to low-income and homeless families in Mid and East Multnomah County, through 14 different housing sites. Our commitment to quality housing, environmentally friendly buildings, and family-centered activities makes our housing programs a wonderful place to be for families who are working their way out of poverty.
